What is the Norfolk Education Foundation?

The mission of the Norfolk Education Foundation is to supplement, support and enrich the experience of Norfolk Public Schools students to prepare them for a successful future. The vision for the Foundation is to create a community of students, families, neighborhoods, institutions, and businesses made stronger through the achievement of excellence in public education.

What is a Friend Raiser?

This is an exciting opportunity for the Norfolk Education Foundation to introduce itself to the community. The Board of Directors looks forward to sharing information about the school system's journey to world-class status and how the community can make this a reality. The primary purpose of this event is not to raise money (although no donations will be turned away!). This event is to build friendships and recruit advocates for the Norfolk Public Schools. Join us for an enjoyable evening of great food, entertainment, information and fellowship.
